WAY**

Glow in the Park

Friday, June 9, 2023, 7:30-10:30pm at the Rings Fountain

Glow in the Park is a celebratory young professionals event that takes place each June on The Greenway. It features cuisine from favorite Greenway Food Trucks, local libations, live music, and lawn games. It's a great party to kick off the summer, and a great way for companies to recognize their rising stars! Hailed as “the most unconditionally happy spot in all of Boston,” our beloved Rings Fountain is the dazzling centerpiece of the night.

Sponsors receive generous ticket packages that enable them to invite their employees to this sensational party. They also receive recognition on event materials and signage, as well as through Greenway social media channels, website, and eNews.

Sponsor Glow in the Park now by contacting Alex Rogers Pittman, Director of Development apittman@rosekennedygreenway.org
(617) 603-7727

Gala on The Greenway

Raise a glass with us on Thursday, June 8, when the Greenway Conservancy's community of donors come together at the [Gala on The Greenway!](#) You and your guests will enjoy a lavish cocktail supper with delectable dishes and local libations while mingling with elected officials, business and philanthropic leaders, and Greenway neighbors.

Light Pole Banners

Recognize your company with year-long in-park banner benefits

We are delighted to recognize our top sponsors all year long on vibrant light-pole banners throughout the 1.5 miles of The Greenway. Extending from Chinatown to the North End, the banners will feature four colorful, eye-catching designs--and your company's logo.

Banners will be displayed for one year, beginning May 2023.

The deadline to be included on banners is April 1. However, banners may sell out so make your sponsorship early!

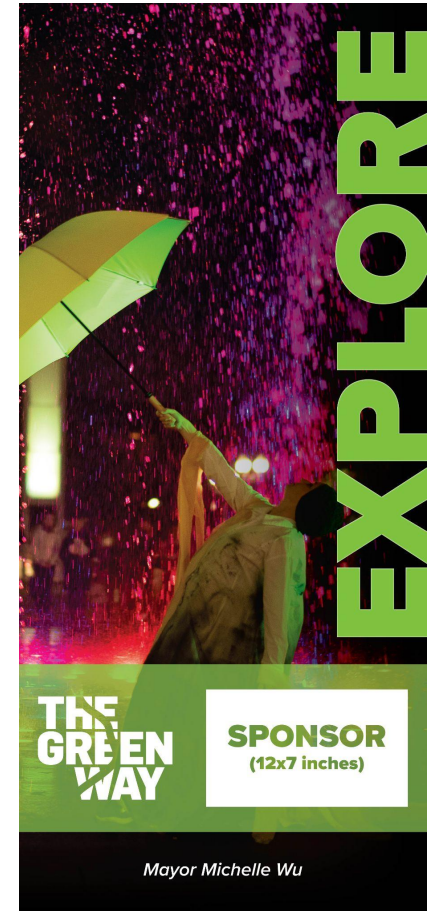

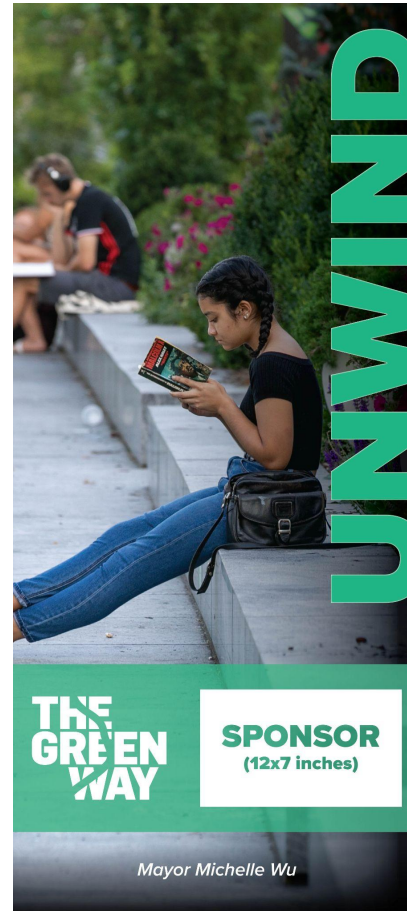

Banner designs shown here are from 2022

2022 Banner Designs

2023 designs will be similar and made available early in the year

Sponsor Recognition: 12x7 inches

Volunteer Event

Engage in team-building while contributing to the beauty of The Greenway

Volunteers are essential to the stewardship of The Greenway. They contribute to the beauty of the park by working alongside Conservancy horticultural and maintenance staff, and learn about our innovative ecological care of this unique green space.

Group volunteer projects take place on Wednesdays, 9 AM to 12 PM, March to December.

Sponsors may opt to include a Volunteer event for up to 15 employees as part of their benefits package.

SOLD OUT

Learning Tour

Explore the stories behind The Greenway

When it comes to caring for and programming an urban park over a highway tunnel, there is much more involved than meets the eye!

Engage up to 20 employees or guests in a personalized, behind-the-scenes tour of the park, led by a member of the Conservancy's talented staff. We'll tailor the topic to your interests.

For example, your group can learn about:

- the diverse plant species that thrive on The Greenway, including native plants that support pollinators.
- the artists' visions that inspired the latest public art.
- the Conservancy's approach to ecological plant care, including a tour of our compost tea brewing facility.
- the complex systems behind The Greenway's beloved water features. This tour takes you inside the vault of the Rings Fountain!
